

**PERFORMANCE EXHAUST**

**MAKING POWER** has been our passion for over six decades. During that span bikes have changed, riders changed, and even the tools we use have changed, but our singular focus on making the best of the best has never waned. A flat torque curve still excites us, the rumble of a well-tuned exhaust gives us goosebumps and the satisfaction of buttoning up a freshly built engine continues to make our day. We hope you feel the same exhilaration each time you wick the throttle, enjoy a perfect cam lobe at the stop light or power around your buddies' stockers on the highway. Whichever it is, this is why we do what we do and why **PROVEN PERFORMANCE**<sup>®</sup> has been and will always be our promise.

*Look for updated black finishes on all of our exhaust systems! The tips are now coated in a durable Tuxedo Black and the mufflers now feature our bomb-proof Guardian Black coating that better matches factory header coatings, resists corrosion, and does not require heat cycling to fully cure.*

*new black finish for all except Grand National<sup>®</sup> 2-2 for M8*

# DIAMONDBACK 2-1

for 2017–2021 M8 touring models

S&S was building Performance Baggers long before it was called that and our focus has always been on making big power! The Diamondback 2-1 Exhaust System is a perfect example of our commitment to true performance. Beginning with a stepped header for maximum flow and a merged collector specifically engineered to prevent exhaust gas reversion, this system wraps up with a 4" full stainless muffler that ends before the rear axle. Diamondback is not for your Daddy's bagger, but purpose built to make big power and sound, excellent cornering clearance and just the right look. Cleared for tall shocks and available in brushed stainless or Guardian Black.

### Features & Benefits:

- 2-1 full stainless system (with shields!)
- Oversize header primary tubes for optimum flow and performance
- Just enough length to make big power on your M8
- Four bungs for easy O2 sensor installation and air/fuel monitoring
- Computer aided design & precision bending for improved ground clearance
- Available in Brushed Stainless Steel or super durable Guardian Black Finish
- 50 State legal fitment available! CARB EO# K-010-20
- Made in USA!

# QUALIFIER 2-1 EXHAUST SYSTEM

for Royal Enfield® 650 Twins

The Qualifier is an aggressively styled 2-1 race replica exhaust system built for w 2019–2021 RE 650. Crafted from stainless steel, it's as durable as it is good looking and sheds a full 28 lbs over the stock system. More importantly it bumps horsepower while emitting a deep race note that's just as happy on the track as it is on the street.

### Features & Benefits:

- Aggressive 2-1 race styling
- Shed 28 pounds while improving performance and sound
- 12% increase in peak hp and 7% increase in torque (when combined with S&S high flow air filter)
- Durable all stainless steel construction

### QUALIFIER 2-1 PERFORMANCE EXHAUST SYSTEM—STREET LEGAL
