

SECTION 1: 2007-2013 BIG TWINS

S&S®

PUSHROD COVERS AND RELATED PARTS

S&S pushrod cover kits include all of the parts required for four pushrods except keepers. Keepers are sold separately because of the different length requirements of some engines. These covers are a must when using adjustable pushrods.

FITMENT

- 1999-'13 big twins

PUSHROD REPLACEMENT PARTS

4.250"*		93-4109	\$27.95

All S&S pushrod keepers are chromed steel, except part #93-4109. Keeper part #93-4109 is intended for unusually tall engines. It is manufactured of unchromed stainless steel to prevent rust or peeling after it is trimmed to the required length.

*Custom, extra long stainless steel 4.250", customer to cut to required length

NOTE

All reference to H-D® part numbers is for identification purposes only. We in no way are implying that any of S&S Cycle's products are original equipment parts or that they are equivalent to the corresponding H-D® part number shown.
