Instruction Sheet For Tool No.95560-57

Transmission access cover puller tool

Use to remove access cover,
which is press fit on two dowel pins.
Use on Sportster 1954-85

WARNING: Be sure to disconnect the battery ground wire.

Note: *Make sure to remove the sprocket nut before tool use.*

1. Refer to H-D® Service Manual for specifications.
2. After removing the (4) screws that retain the transmission access cover, back the removing screw #1 almost all the way out.
3. Oil all threads of tool, screw tool on end of clutch gear as far as it will go.
4. Use your 11/2" wrench to hold tool while screwing in the center screw #1 with 3/8" Allen wrench.
5. Continue screwing in until the access cover and tool are free from case.

PARTS AVAILABLE SEPARATELY
